What is a TLA clark? - Answers

Large-bore two-cycle integral engine-compressors compress natural gas more efficiently than today's high-speed reciprocating separable compressors and turbines. A slower speed allows Clark products to work for decades. When they do finally need service or repair, Cooper delivers the quality parts and expert service needed to quickly get them back up and running

Clark - Cooper Machinery Services - Reciprocating Engines ...

The engine produces harmful gases, noise vibrations and as a result it is necessary to take Suitable precautionary measures when moving, installing and operating the engine to reduce risks connected with the characteristics stated above.
